## Students' Feedback Analysis Report Academic Year: 2022-23

## Total Questions $=53$

Every year, the College collects feedback from students to measure the impact of all the efforts taken by the institution and to improve quality in all aspects. The College maintains an Institution Level Feedback Report. Feedback on curriculum and infrastructure is collected in a specific format from students. The results are formulated by statistically quantifying the received feedback forms. Data collected is consolidated and a report is prepared. Data entered in the feedback forms is analysed and suggestions/feedback given by the students is given due attention. Analysis of Feedback is collected on specific Performa (Courses, Syllabi, Subject Evaluation and Teacher, Infrastructure and Administration) from Students.

## 1. Knowledge of the teacher on the subject:

| Knowledge |  |  |  |  |  |
| :--- | :--- | :--- | :--- | :--- | :---: |
|  | Frequency | Percent | Valid <br> Percent | Cumulative <br> Percent |  |
| Valid Very poor | 2 | 3.3 | 3.3 | 3.3 |  |
| Poor | 1 | 1.6 | 1.6 | 4.9 |  |

| Satisfactory | 1 | 1.6 | 1.6 | 6.6 |
| :--- | :--- | :--- | :--- | :--- |
| Good | 15 | 24.6 | 24.6 | 31.1 |
| Very good | 42 | 68.9 | 68.9 | 100.0 |
| Total | 61 | 100.0 | 100.0 |  |

Overall Perception: The majority of respondents (68.9\%) rated the teacher's knowledge as "Very good," indicating a high level of proficiency. Additionally, $24.6 \%$ rated it as "Good." This suggests that a significant proportion of students acknowledge the teacher's strong grasp of the subject matter.

Merely $1.6 \%$ of students believe that teachers possess only a satisfactory level of knowledge in the respective subjects. Conversely, an additional $1.6 \%$ of students hold a slightly different perspective, asserting that teachers exhibit a lesser degree of proficiency in the relevant subject matter.

## 2. Clarity and understand-ability of Teachers explanation:

|  | Frequency | Percent | Valid <br> Percent | Percent |
| :--- | :--- | :--- | :--- | :--- |
| Valid Very poor | 1 | 1.6 | 1.6 | 1.6 |
| Satisfactory | 6 | 9.8 | 9.8 | 11.5 |
| Good | 16 | 26.2 | 26.2 | 37.7 |
| Very good | 38 | 62.3 | 62.3 | 100.0 |
| Total | 61 | 100.0 | 100.0 |  |

The majority of participants ( $62.3 \%$ ) rated the clarity and understandability of the teacher's explanation as "Very good," indicating a high level of effectiveness in communication. Additionally, $26.2 \%$ rated it as "Good," contributing to a cumulative positive assessment of $88.5 \% .9 .8 \%$ of students perceive that teachers demonstrate a satisfactory level of clarity and understandability in their explanations. In contrast, a minority, comprising only $16 \%$ of students, believe that teachers exhibit a lower standard of clarity and understanding in their explanations.

The substantial percentage of respondents rating the teacher's clarity as "Very good" suggests that the teacher excels in conveying information in a clear and understandable manner. This positive feedback highlights a key strength that contributes to a conductive learning environment.

## 3. Friendly \& openness to student:

## Friendly

|  | Frequency | Percent | Valid <br> Percent | Pumulative <br> Percent |
| :--- | :--- | :--- | :--- | :--- |
| Valid Very poor | 1 | 1.6 | 1.6 | 1.6 |

| Very good | 35 | 57.4 | 57.4 | 100.0 |
| Total | 61 | 100.0 | 100.0 |  |

The feedback on friendliness and openness to students is overwhelmingly positive; with $57.4 \%$ of respondents rating the experience as "Very Good" and $31.1 \%$ as "Good" respectively. This high percentage reflects a welcoming environment and positive rapport between staff and students. While a small percentage found the interaction only "Satisfactory," accounting for 6.6\% of responses, the overall sentiment is one of satisfaction and appreciation. The institution should celebrate the majority's positive experiences while considering targeted improvements to address the needs of the smaller group who found the interaction only "Satisfactory." This feedback
report serves as a valuable tool for continuous enhancement of the institution's commitment to creating a friendly and open atmosphere for students. While Only $4.9 \%$ of respondents rated the friendliness as "Poor" or "Very Poor." This suggests a relatively low occurrence of negative experiences in terms of friendliness
